DEMOCRATIC PARTY OF SOCIALISTS (DPS)

CASE STUDY

Discrepancies in reported other revenues in the 2022 statement

In its Income Statement for 2022, the Democratic Party of Socialists stated that its other revenues amounted to 318,633 euros. In the summary report on revenues and expenses, a similar amount is stated, i.e. 318,631 euros, but in the individual report, in which those revenues should be listed in detail, only the amount of 167 euros is stated.

Differences in reported expenses within the consolidated statement for 2021

In its Annual Report on Revenues and Expenses for 2021, the Democratic Party of Socialists failed to submit a consolidated Income Statement with total revenues and expenses of that political entity. Namely, the Income Statement given in the statement does not contain data on revenues and expenses of the election campaigns, as well as data on the financing of women's organizations. [1]

Discrepancies in reported expenses within the consolidated statement for 2024

The discrepancies between the summary report and tables with detailed expenses on the basis of which it is prepared are quite big in the case of the report for 2024 as well.

The amounts related to the following items differ:

- rental of business premises: 137,907 euros are stated in the summary report, and 92,910 euros in the individual report;
- overhead expenses: 36,680 in the summary report, and 10,384 in the individual report;
- expenses of procurement and maintenance of movable assets: 57,444 in the summary report, and 44,031 in the individual report;
- salaries and other allowance: 1,259,324 in the summary report, and 1,362,434 in the individual report;
- office and other supplies for regular operations: 10,354 compared to 17,440;
- organizing meetings and events: 840 in the summary report, and none in the individual:
- other expenses based on regular operations: 836,599 compared to 1,176,426.
